

Love Bug - Jonas Brothers

1. Choose one of the words in bold that correctly completes the song.

Called **her / here** for the first time yesterday

Finally found the missing part of **my / me**

Felt so close but you **were / are** far away

Left me without anything to **say / stay**

Now I'm speechless, over the **edge / age**

I'm **just / use** breathless

I never thought that I'd **catch / get** this love bug again

Hopeless, **head / hit** over heels in the moment

I never thought that I'd get **hit / hide** by this love bug again

I can't get your smile out of my **mind / main**

I think about **you're / your** eyes all the time

You're beautiful but you don't even **try / tray**

Modesty is just so hard to find

Now I'm speechless, over the **edge / age**

I'm **use / just** breathless

I never thought that I'd **catch / get** this love bug again

Hopeless, head over heels in the moment

I never thought that I'd get **hide / hit** by this love bug again

Kissed her for the first time yesterday

Everything I wished that it **would / could** be

Suddenly I forgot how to **speak / stick**

Hopeless, breathless, baby can't you **see / say**?

Now I'm, yeah, oh!
