

Kelly Clarkson - Walk away

1. Listen and order each verse of the song.

Loving you has made me this way (way)
 Every other, undercover, telling you what to say (say)
 You've got your mother and your brother
 You think I'm stupid
 But the truth is, that it's Cupid, baby

Get your hands off of my trigger, oh yeah
 So before you point your finger
 And now the more you talk, the less I can say
 You need to know this situations getting old

I'm looking for attention,
 Why you still standing here
 Not another question
 Just walk away (just walk away, just walk away)
 Should you stay or should you go
 Well, if you don't have the answer

So tell me, how come you never showed (showed)
 I gave you everything and never asked for anything
 Stop all your pretending
 So before you start defending, baby
 I waited here for you like a kid waiting after school
 And look at me, I'm all alone (alone)

So what's the point in being slow
 I know you know I know
 Let's get this show on the road today, hey

Why you still standing here
 Well, if you don't have the answer
 Not another question
 Should you stay or should you go
 I'm looking for attention
 Just walk away (just walk away, just walk away)

I want a love, I want a fire
 Live and breathe for me
 Not a boy who runs and hides
 To feel the burn, my desires
 Are you gonna fight for me
 I want a man by my side
 Die for me
 Cause if you don't then just leave
 Do you care for me

Why you still standing here
 Should you stay or should you go
 Just walk away
 Not another question
 I'm looking for attention
 Well, if you don't have the answer

Just leave
 If you don't have the answer
 Walk away, walk away
 Just walk away
