

Demons - Imagine Dragons

1. Instruction – Listen to the song and order each verse. (1,2,3...)

– And the saints we see
– When the days are cold
– Are all made of gold
– And the cards all fold

– And the blood's run stale
– When your dreams all fail
– Are the worst of all
– And the ones we hail

– But with the beast inside
– I wanna shelter you
– I wanna hide the truth
– There's nowhere we can hide

Pre-Chorus

– This is my kingdom come
– We still are made of greed
– No matter what we breed
– This is my kingdom come

Chorus

– It's where my demons hide
– Don't get too close
– It's where my demons hide
– When you feel my heat
– It's dark inside
– It's where my demons hide
– Look into my eyes
– It's where my demons hide

– It's the last of all
– At the curtain's call
– All the sinners crawl
– When the lights fade out

– At the mess you made
– And the masquerade
– So they dug your grave
– Will come calling out

– Though this is all for you
– Don't wanna let you down
– But I am hell bound
– Don't wanna hide the truth

Pre-Chorus

Chorus

– It's woven in my soul
– I need to let you go
– They say it's what you make
– I say it's up to fate

– Your eyes, they shine so bright
– I can't escape this now
– Unless you show me how
– I wanna save that light

Chorus
